- ✓ Easy handling
- ✓ High wind uplift resistance
- ✓ Proper storm safety of roof tiles tiles that don't have any fourfold overlapping in the 4-tile corner

Head-sidelock clip 453-2

New magazine storage

The 453-2 clips are delivered on plastic magazine strips. Every strip holds 25 clips and is suitable for the mobile FOS ClipHOLSTER®. The magazine clip storage enables swift individual clip removal and reduces the risk of injury as well.

Reduction of installation time by up to 25 %

On the roof, the new magazine storage simplifies installation of the clips, the proximity of the holster handle makes the process considerably quicker. In practice tests, up to 25 % time savings were achieved during mounting of the 453-2 together with the ClipHOLSTER. Empty magazine strips can be replaced quickly and conveniently.

High wind uplift resistance

The 453-2 is always appropriate if the roof tiles don't have any fourfold overlapping in the 4-tile corner. With its two hooks it fastens two tiles on the battens at the same time: one tile on the side-lock, another on the head-lock. This fixation guarantees a high lifting resistance.
