Head-sidelock clip

492[®]-2 for Clip **FOS** HOLSTER

Head-sidelock clip 492[®]-2

New magazine storage

The 492[®]-2 clips are delivered on plastic magazine strips. Every strip holds 25 clips and is suitable for the mobile FOS ClipHOLSTER[®]. The magazine clip storage enables swift individual clip removal.

Reduction of installation time by up to 25 %

On the roof, the new magazine storage simplifies installation of the clips, the proximity of the holster handle makes the process considerably quicker. In practice tests, up to 25 % time savings were achieved during mounting of the 492[®]-2 together with the ClipHOLSTER. Empty magazine strips can be replaced quickly and conveniently.

High uplift resistance

The 492[®]-2 is suitable for the professional fixing of roof tiles without fourfold covering in the 4-tile corner. The head-sidelock clip holds two tiles at the same time on the batten. This fixing guarantees a high uplift resistance of tiles on pitched roofs.

Enquiries:

What is unique about the 492[®]-2?

The 492[®]-2 is the only clip that provides a hook to fix both the head and the side fold of roof tiles without a fourfold covering in the 4-tile corner.

Which roof tiles can be secured with 492[®]-2 clips?

The 492[®]-2 is available in different versions for a variety of roof tiles. With the FOS ClipCHECK on www.fos.de, the matching tile model can be quickly chosen by providing information about the application, type of installation, roof tile and battens.

Conclusion:

Use the head-sidelock clip 492[®]-2 to benefit from:

- ✓ Magazine storage on plastic strips
- ✓ Installation time is reduced by up to 25%
- ✓ Easy handling
- ✓ Tool-free installation
- ✓ High wind uplift resistance
- ✓ Professional storm safety of roof tiles that don't have any fourfold covering in the 4-tile corner.

ClipHOLSTER:

1. Attach the holster onto your belt. (The red protective cover can't be used.)

2. Insert the plastic strip with the collated clips. Once the strip is empty, swap it out: Reloading is easy!
