## Head-sidelock clip

492<sup>®</sup>-2 for Clip **FOS** HOLSTER

## Head-sidelock clip 492<sup>®</sup>-2

### New magazine storage

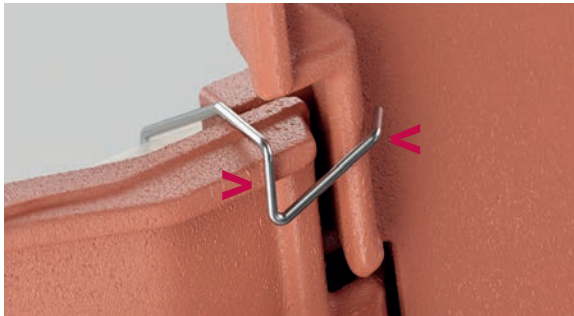

The 492<sup>®</sup>-2 clips are delivered on plastic magazine strips. Every strip holds 25 clips and is suitable for the mobile FOS ClipHOLSTER<sup>®</sup>. The magazine clip storage enables swift individual clip removal.

### Reduction of installation time by up to 25 %

On the roof, the new magazine storage simplifies installation of the clips, the proximity of the holster handle makes the process considerably quicker. In practice tests, up to 25 % time savings were achieved during mounting of the 492<sup>®</sup>-2 together with the ClipHOLSTER. Empty magazine strips can be replaced quickly and conveniently.

### High uplift resistance

The 492<sup>®</sup>-2 is suitable for the professional fixing of roof tiles without fourfold covering in the 4-tile corner. The head-sidelock clip holds two tiles at the same time on the batten. This fixing guarantees a high uplift resistance of tiles on pitched roofs.

### Enquiries:

#### What is unique about the 492<sup>®</sup>-2?

The 492<sup>®</sup>-2 is the only clip that provides a hook to fix both the head and the side fold of roof tiles without a fourfold covering in the 4-tile corner.

#### Which roof tiles can be secured with 492<sup>®</sup>-2 clips?

The 492<sup>®</sup>-2 is available in different versions for a variety of roof tiles. With the FOS ClipCHECK on [www.fos.de](http://www.fos.de), the matching tile model can be quickly chosen by providing information about the application, type of installation, roof tile and battens.

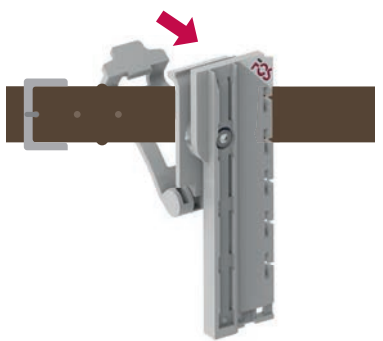

### Conclusion:

Use the head-sidelock clip 492<sup>®</sup>-2 to benefit from:

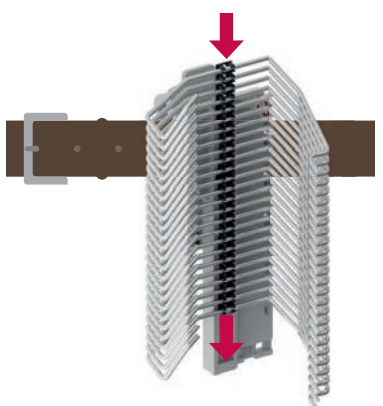

- ✓ Magazine storage on plastic strips
- ✓ Installation time is reduced by up to 25%
- ✓ Easy handling
- ✓ Tool-free installation
- ✓ High wind uplift resistance
- ✓ Professional storm safety of roof tiles that don't have any fourfold covering in the 4-tile corner.

### ClipHOLSTER:

Video >

1. Attach the holster onto your belt, the red protective cover is not required.

2. Insert the plastic strip with the collated clips. Once the strip is empty, swap it out: Reloading is easy!
